

## Understanding the dataset:

The screenshot shows the IBM Cognos Analytics interface. At the top, there's a header with "IBM Cognos Analytics with Watson" and a "Learn More" button. Below the header, a "Create a view of a table" dialog is open. The "New table name" field is set to "mock\_kaggle.csv - View (1)". On the left, a "Select items" panel shows a search bar and a list of items, with "mock\_kaggle.csv" selected. The main area displays a table with the following data:

Row Id	data	venda	estoque	preco
1	2014-01-01	0	4972	1.29
2	2014-01-02	70	4902	1.29
3	2014-01-03	59	4843	1.29
4	2014-01-04	93	4790	1.29
5	2014-01-05	96	4664	1.29
6	2014-01-06	145	4509	1.29
7	2014-01-07	179	4329	1.29
8	2014-01-08	321	4104	1.29
9	2014-01-09	125	4459	1.09
10	2014-01-10	88	5043	1.09
11	2014-01-11	188	5239	1.09
